CLEANER**

LAVONIN ENRICHED

FLIGHT

Reg No: Act5GNR529/283000/040/0689

FLIGHT **HAND CLEANER** **(Smooth and Grit)**

Lanolin enriched to give a soothing effect and to ensure that hands and skin are well looked after. Lanolin is used to treat or prevent dry, rough, scaly, itchy skin (e.g. eczema, keratosis, psoriasis). Flight is solvent based, which gives it the edge in removing tough dirt, including almost any industrial dirt.

Flight hand cleaner can be used with or without water.

Wipe off with a clean cloth.

Available in 500ml, 1, 2, 5, 20 and 200 litres.

FLIGHT **SPRAY CLEAN**

- Has been tested by the SABS and is proven to kill 99.9% of all known germs
- Is registered with the NRCS as an anti-bacterial detergent
- Is biodegradable
- Is non-toxic
- Contains no bleach or ammonia
- Is non-abrasive
- Is non-flammable

For full anti-bacterial effect: spray on and leave for 5 minutes and wipe off.

FSK can be used in its concentrated form or diluted up to 25:1.

Available in 500ml, 2, 5 and 20 litres.
