## TECHNICAL DATA SHEET

# Q CARB & THROTTLE VALVE CLEANER

## 1. DESCRIPTION:

A clear colourless liquid.

## 2. APPLICATION:

Carb & throttle valve cleaner

## 3. BENEFITS / USEFULL CHARACTERISTICS

Increase power and torque. Reduces emissions and improves fuel economy. No top-engine disassembly. Safe on turbos and intercoolers. Stabilizes rough idle.

## 4. DIRECTIONS FOR USE

Locate the Mass Air Flow (MAF) sensor on the air intake circuit. Using the extension straw to access the air conduit after the MAF sensor. Start the engine and run it at idle (< 2000 rpm). With the extension straw beyond the MAF sensor, apply inside the air conduit. Dose in the direction of the inlet manifold in 1 second bursts. Repeat till the can is empty. Shut down the engine and reassemble the air intake.

## 5. WARNINGS

Extremely flammable aerosol. Pressurised container: May burst if heated. Harmful in contact with skin. Harmful if inhaled. Causes skin irritation. Causes serious eye irritation. May cause respiratory irritation. May cause damage to organs through prolonged or repeated exposure. Harmful to aquatic life with long lasting effects. Keep out of reach of children. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Do not breathe mist / vapours / spray. Use only outdoors or in a well-ventilated area. Protect from sunlight. Do not expose to temperatures exceeding 50°C / 122°F. Dispose of contents / container to an authorised waste collection point.

## 6. PROPERTIES

|                          |                                                                    |
|--------------------------|--------------------------------------------------------------------|
| Appearance:              | A clear colourless liquid.                                         |
| Odour:                   | Characteristic.                                                    |
| Specific Gravity (Bulk): | Approx 0.92                                                        |
| Flammability:            | Extremely Flammable                                                |
